

## Document

Looking after elderly parents can be difficult at the best of times. But this man takes caring for his Alzheimer's suffering mother to another level...*He ties a sash around both of their waists to make sure she doesn't fall off.* *She would often go up to the mountains to collect firewood and there were a few occasions when she got lost after dark.* He said: I was an apple in my mum 's eye, and now she 's my apple...

## Hallucination Detector

Fact

Hallucination

## Claim

*To keep her safe, he secures them together with a sash around their waists.* 

*His mother got lost after dark because she had never been to the mountains before.*
